

① Appending text to a file in C :-

(i) Adding data to the end of an existing file without overwriting its current contents.

② How to append text in C

↳ use the `fopen()` function mode

"a" or "a+" :

↳ open file for appending & reading.

③ Basic steps for appending text:

↳ open the file with mode "a" using `fopen()`.

↳ check if the file is opened successfully (check if `fopen()` returned `NULL`).

↳ write text using `fprintf()`.

↳ close the file using `fclose()`.
